

TORNADO STRIKE ON BOGUE BANKS:

There have already been reports of a tornado on the island that destroyed property in Emerald Isle. With the outer bands of Dorian starting in on our area this threat will only continue. PLEASE, even though the curfew is not in effect until 7PM, please do not be outside unnecessarily and have your weather radios, cell phones, etc. near you to hear Tornado Warnings. Seek an interior room if you are under a Tornado Warning.

Thank you,
Julie Anderson
